

BBC Radio 4 new genealogy show

BBC Radio 4 is producing a new genealogy show and needs our help. The BBC are looking for potential stories to feature (along the lines of interesting tales that have been unearthed by those researching their genealogy) . So there should be plenty of stories from the Family History Members then!

They are also looking to produce packages which offer practical advice for someone who's interested in becoming more involved in the practice of genealogy / Family History.

So, if any of the FHUK Members are able to help in one or both of these areas, please contact the following:
